## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 32-34 are rejected under 35 U.S.C. 102(b) as being anticipated by Carlson Jr. et al. 5,947,765. Regarding claim 33, Carlson Jr. et al. discloses a method for assembling an outlet box including a housing defining connector access opening, the housing also including a first connector mounting location positioned adjacent the connector access opening and a second connector mounting location recessed within the housing relative to the first connector mounting location, the method comprising: providing a connector holder 600 adapted for holding a plurality of telecommunications connectors; selecting one of the first and second connector mounting locations; and mounting the connector holder at the selected one of the first and second connector mounting locations.

Regarding claims 32 and 34, Carlson Jr. et al. discloses an outlet box 10 comprising: A) a connector holder 34 for holding a plurality of telecommunications connectors 28,30; B) a housing 25 defining a connector access opening (see fig 13); C) means 36 for mounting the connector holder at a first location in the housing that is adjacent to the connector access opening; and D) means 36 (other side) for mounting the connector holder at a second location that is recessed within the housing relative to

the first location, wherein a user can mount the connector holder at either one of the first and second locations.

***Allowable Subject Matter***

Claims 1-3,5-21,22-31 are allowed.

***Response to Arguments***

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
